

Volunteer User View (15 Requests): The volunteer user view focuses on the individual volunteer's activities, training, and event participation.

1. "List the names and descriptions of the events I participated in, along with the hours I contributed to each."
2. "Provide the name of the event where I received the highest feedback rating, along with the feedback rating and the task associated with it."
3. "What are the names and descriptions of the events assigned to me, and who is responsible for coordinating those events?"
4. "What personal details (name, address, email, phone number) as well as skill are stored in the system for me?"
5. "What is the total number of hours I have spent in training sessions so far and what are the total number of volunteer hours I have completed?"
6. "List the names of events I have participated in, along with my feedback rating for each task I completed and the average feedback rating for all tasks within the same event."
7. "What is my volunteer status, and what events am I assigned to?"
8. "What feedback comments have I received for my tasks, and which event and task were they associated with?"
9. "What training sessions have I passed, and which tasks were part of those sessions?"
10. "What feedback ratings have I received, and what event and task were they related to?"
11. "List the names of coordinators I have worked with, and what was the feedback rating and comment they gave me?"
12. "List the names of the non-profit organizations I have worked with, and what were the tasks I completed for them?"
13. "What are the contact details of the non-profit organization hosting the events I'm assigned to?"
14. "What are the contact details of the coordinator(s) responsible for the events I'm assigned to?"
15. "What are the dates, descriptions, and names of the events I am assigned to?"

Coordinator User View (10 Requests): The coordinator user view revolves around managing volunteers, overseeing events, and maintaining certifications.

1. "Provide the names and email addresses of all volunteers who are assigned to the events I am managing."
2. "Provide the total number of events I'm assigned to, grouped by nonprofit organization name."
3. "Provide a list of tasks for all my events, grouped by event, showing the names of the assigned volunteers for each task."
4. "List all my personal details, certifications, and assigned events stored in the system"
5. "List feedback ratings and comments for volunteers under my supervision."
6. "Show the required volunteer count and actual count for each event I am managing."
7. "Identify the volunteer with the most completed training hours who is currently assigned to events I manage, along with their assigned task."
8. "Provide the names and contact details of non-profits associated with the events I am managing, along with the event name(s)."
9. "List all the skill types of volunteers who are assigned to events I manage, along with the number of volunteers for each skill type and their names."
10. "List all volunteers who have contributed more than 8 volunteer hours across events I am managing, including their total hours, assigned tasks, and the name of the event(s) they participated in."

Non-profit (NPO) User View (10 Requests): The NPO user view focuses on overseeing organizational details, events, and volunteer involvement.

1. "Provide a list of events organized by my non-profit, detailing their statuses, descriptions, the number of volunteers needed, and the name(s) of the coordinator(s) overseeing them."
2. "Provide the average feedback rating given to volunteers for events hosted by my non-profit, including the name(s) of the coordinators who managed those events."
3. "Identify the volunteer with the lowest feedback rating for events hosted by my non-profit, including the event name, task name, feedback rating, and feedback comment"
4. "List coordinators who have managed events for my non-profit, including their certification details."
5. "Provide a list of volunteer names who have participated in events organized by my non-profit, along with the tasks they were assigned to."
6. "What is the total number of events hosted by my non-profit, and who were the coordinators that managed them?"
7. "Show the total number of hours contributed by each volunteer to events hosted by my non-profit, along with their full names."
8. "Identify the volunteer with the highest feedback rating for events hosted by my non-profit, including the event name, task name, and feedback rating."
9. "Identify the volunteer who has contributed the most hours to events hosted by my non-profit, along with the total hours and the name(s) of the event(s) they participated in."
10. "What information (name, email, phone number) about my non-profit is stored in the system, and what is the total number of events associated with us?"
